MEDICAL LABELING

SIGNAGE

* Based on standard address labels. Maximum print speed is 4.3 ips.
The Brother QL-1050 Wide Format Professional Label Printer features a four-inch print head, fast throughput, and a new, longer-life auto cutter. At up to 69 labels per minute (for a standard, four-line address label) and 300 dpi resolution, the Brother QL-1050 Professional Label Printer combines fast, professional output with ease of use and low maintenance requirements, making it a good solution for shipping, post offices, hospitals, pharmacies, retail, manufacturing, bar coding and more.

EASY-LOAD LABEL ROLLS

The Brother QL-1050 Wide Format Professional Label Printer can use all of Brother’s easy-to-load DK label rolls, plus three new label rolls specifically designed for the printer: 4” x 6” and 4” x 2” die-cut labels, and a 4” continuous roll for labels up to three feet long.
